EDUCATION

2014 Ph.D. Information School, University of Washington
2011 M.S. Information Science, Information School, University of Washington
2009 B.A. Economics / Statistical Economics, Minor in Mathematics
California State University, East Bay, Hayward, CA USA
Degree Honors: Summa Cum Laude, Honors Program
1992 A.A. Computer Science with an Emphasis in Math,
Las Positas College, Livermore, CA USA

EMPLOYMENT

8/14 to present **Assistant Professor, School of Information Studies**, Syracuse University,
Syracuse, NY
Research: My research is about understanding information diffusion and user interaction in social media. I draw on theories from sociology and communication to frame my thinking and research questions. In my work I utilize computational methods to collect, wrangle, visualize and analyze large, heterogeneous datasets. Exploratory data analysis, inferential statistics, social network analysis and content analysis are methods I use to answer my questions.
Courses: IST 719, Information Visualization (7 offerings)
IST 810/840 Ph.D. Seminar (1)

9/12 to 8/14: Research Assistant, Information School, University of Washington, Seattle WA
Research: Co-Founder of the Social Media Lab at UW. Built Python and R tools to collect, store, visualize and analyze large sets of social media data. Research focused on social network analysis of Twitter data and analysis of temporal signatures of viral events.

9/12 to 8/14: Teaching Assistant, Information School, University of Washington, Seattle WA
Courses: INFO 100, Fluency in Technology (3 offerings)
INFO 200, Intellectual Foundations of Informatics (1)
INFO 340, Database Management and Information Retrieval (1)
INFO 380, Information Systems Analysis and Management (1)
LIS 570, Research Methods (Online) (1)
